Blitz:4'+2" This is another e chess game. The time control is again 2 days and my opponent is 1698! If you had looked at the Kerrell game you'll see this coming a mile away. My opponent even with 2 days to look this over, missed this reoccurring motive! 1.e4 e5 2.Nf3 d6 3.d4 Nf6 4.Nc3 Nbd7 5.d5?! Diagram

This releases the tension way too early. Be7 6.Bd3 0-0 7.0-0 c6 8.a3 Nc5 9.dxc6?! bxc6 10.Bg5 Ne6 11.Be3?! Can you see it developing? Now this is what they mean when they say it's just a matter of technique! Qc7 12.h3 Rb8 13.Rb1 Diagram
